

PALLAVI DBR

# Gardenia

BANDLAGUDA, NAGOLE

BREATHE  
MORE LIFE...

PALLAVI DBR  
*Gardenia*

From the very outset of planning for PALLAVI DBR GARDENIA, we focused on creating a family friendly neighborhood with abundant landscaping and green spaces, where each one of your family members can enjoy not just a peaceful indoor lifestyle but also a safe and active outdoor one.

With its beautiful landscapes and fresh breezes, PALLAVI DBR GARDENIA will enhance your lifestyle allowing you to breathe more oxygen and more life amidst the bustling city. The project is not only tucked away with abundant greenery in a peaceful residential locality such as Bandlaguda Nagole, but is also in very close proximity to all major urban destinations in Hyderabad and Secunderabad.

We welcome you to enhance and complete your lifestyle with all the modern amenities of a fully equipped gated community.

BREATHE MORE OXYGEN  
AMIDST THE BUSTLING CITY

PALLAVI DBR  
*Gardenia*

A PREMIUM GATED COMMUNITY  
TO ELEVATE YOUR LIFESTYLE

# NOT JUST CONCRETE ALL THE WAY...

With more than 30% of the total land left open, we plan to turn the project into an urban jungle. We'll transform most of the open land for parks and recreational spaces with abundant and aesthetically appealing landscaping where every nook and corner of the project will consist some greenery.

We will plant trees not only in the façade of the building but also in every space that allows us to plant a tree including all tot-lots and common areas. We also plan to provide dedicated areas in your balconies, which will have a separately waterproofed gutter and also provisions for placing planters.

WELCOME THE GREENS AND WELCOME THE PLEASANCE !

A GRAND ENTRANCE

PALLAVI DBR  
*Gardenia*

## PROJECT FEATURES & PREMIUM AMENITIES

- Club House & Amenities
  - Swimming Pool
  - Convention Hall - 300 members capacity.
  - Gymnasium
  - Indoor Games Room
    - Table Tennis Board

- Ergonomically designed flats
  - Provision for urban kitchen farming in utility balcony and landscaping in hall balcony with waterproofed gutters
- CCTV cameras for the entire project with all important areas under security surveillance
- Intercom facility connected from security to every flat

# LIVE AN ACTIVE OUTDOOR LIFESTYLE

PALLAVI DBR  
*Gardenia*

With abundant open areas, a dedicated walking track and other outdoor amenities such as a swimming pool, a shuttle court, a beautifully landscaped park with an open yoga studio and with an indoor games room equipped with games such as a table tennis board, a snooker board, chess and carom boards, you and your family members can live an active outdoor lifestyle, in which you have excellent opportunities to walk, exercise, play and stay active without the necessity to seek an outdoor park elsewhere.

And with a dedicated non-concrete walking track made specifically with mud so that residents can walk, jog or run without the fear of injuring their knee joints in the long run and without endangering themselves with the risk from motorists by walking on the streets.

AND SAVE YOUR  
KNEE JOINTS TOO...

# GIFT YOUR CHILDREN A MEMORABLE CHILDHOOD

Currently, children of the latest generations are more glued to their screens than any other object or activity in their lives. You can pro-actively reduce their screen times and bring them outdoors to breathe some fresh air and play in the sun by gifting them a safe and energetic community filled with friends of similar age groups and a dedicated children's playground fully equipped with modern playground equipment.

You can also stop worrying about their safety and let them play peacefully within the boundaries of the gated community, which will be equipped with high security surveillance systems and monitored 24x7 by the security personnel. Gift them the lifelong friendships, the mischief and the events that they can remember and cherish all through their lives.

CONTEMPORARY  
ELEVATION DESIGN

# MODERN LIFESTYLES AND GADGETS NEED AMBIENCE WITH NEW AGE ERGONOMICS

Our lifestyles have changed drastically in the last 3 decades, especially with the advent of mobiles, internet, direct to home cable tv services, modern electronic gadgets and hi-fi home appliances. All these modern gadgets and lifestyle upgradations require compatible accommodations and new age ergonomics that not only give you a beautiful ambience but also perfect functionality and a clean and uncluttered house.

**A/C Power & Pipe Provisions:** Power outlets at optimal positions for all air conditioner points with 3" PVC pipe provisions for housing and connecting your AC external and internal unit with electrical cables and copper piping and a drain outlet for the A/C external Unit

**Wire Free T.V unit provisions:** Electrical pipe provisions for a clean, de-cluttered and wire-free TV unit in the Hall Room.

**Ergonomic Mobile & Laptop charging points:** Power points at 1 feet height above the floor in the hall, living and bedrooms primarily for mobiles and laptops charging points.

**Concealed independent DTH:** DTH cables for each flat are run directly from the roof top dish area to their respective halls and bedrooms, so that you don't see any cable hanging in the corridors, balconies or any external part of the building.

**Concealed Internet cabling:** Internet cabling is provided directly from the building's central panel box in the cellar via respective floor junction box to your drawing or hall room and another cable connection from there to the master bed room for provision of an additional wi-fi router.

**Washing Machine & Dishwasher provision:** Inlet and outlet provisions for a washing machine and dishwasher in the Utility area

**Inlet & Outlet provisions for RO Water Filter:** An exclusive concealed power point and a municipal water inlet exactly above the kitchen sink for a RO water filter and a concealed drain pipe for RO outlet connected directly to the building's water harvesting pit.
